Wheels:

Front: 4.0 x 21
Rear: 4.0 x 21

Tyres:

675/700-21 "Blockley"
675/700-21 "Blockley"

Tyre Pressure:

35 PSI
35 PSI

Driver:

C. Williams, Esq.

Running Time:

**Comments &
Observations:**

1. No white lining, car very stable at speed
2. Grip excellent, both in the wet and dry conditions
3. Very progressive in fast corners, tyres make the car easy to drive
4. Overall diameter slightly smaller than Dunlop F4, but gearing not a problem
5. Bumps in road absorbed by the tyres, a very pleasing feature of the Blockley
6. Williams gave the product 9 out of 10
7. Wear on rears after 950 miles was 0.1mm
